Shari,

I am not aware of anything we're waiting from Bill. I think the ESD is ready for sign-off. There were some references to the ROD (excerpts from the ROD) having to do with contingencies that you asked Bill to send you. I think he sent them to you as requested a day or two after the availability session we had in Kalamazoo.

Hi Wally,

Trying to refresh my memory. Where are we in terms of putting the ESD thru sign-off? Are you waiting for anything pressing from Bill before we do this?

Hi Wally,

Did you get a chance to look at the changes made to the ESD?

Wally,

Attached is the draft final ESD #2 with your comments incorporated. I yellow highlighted all text that has changed per your comments and/or attorney comments.

I'm checking with my attorney on one of your comments (the one about deleting "potable" from the text under Section IV Description of Significant Differences of the ESD). I kept "potable" in the text for now but this may change depending on my attorney's feedback.

Please let me know if the changes are acceptable to you. Thanks, Shari
